YES WE ARE! THE WORLD'S #1 NUDE ART MAGAZINE

VOLO is revamping its structure. We have been talking to our subscribers and we realize that a monthly magazine is not enough for our subscribers in the age of instant gratification.

We recently launched VOLOLIVE Snapchat Channel available only to paid all-access subscribers. Now we are hard at work creating a regular programming calendar for this channel so our readers and followers can now be part of more and more VOLO shoots and special events as-they-happen.

Also coming is a regular schedule of one new video or expanded content set every week, along with a constant stream of incredible images delivered through our VOLO.SOCIAL stream.

VOLO is entering a phase where we have a staff, an office and we are trying to put together a regular schedule of programming for you all. But we cannot do any of this without your support. Please make sure that you maintain your regular subscription and ask your friends to join in to become subscribers...

Give us just $6 a month and we will bring you the world!

This issue has been carefully edited for content which is a potent mix of all types of nude photography that makes us different. If you like it let me know... if you want something we are missing, let me know...

DANI FEHR
TALKS ABOUT KRISTI

"I remember working with this wonderful model Kristi who had traveled from the Ukraine to me. Her beauty and friendly nature inspired me a lot and it was a pleasure for me to photograph this beautiful woman.

It was a beautiful autumn day and I ordered for the shoot with Kristi something very special...I collected, the day before a huge amount of fall foliage and therefore decorated a portion of my studio. on the day of the shootings Kristi was amazing and she felt very comfortable in the leaves. the natural window light with which I only take pictures in my studio, that day was just fantastic and it made the leaves glow properly golden. Kristi enjoyed it completely and moved in the autumn leaves and used it as a stylistic device for our images. it was a shooting, of which we have fond memories ;) both of us..."

DANI FEHR

by Shankha

Dani Fehr, known all over the world by his photography monicker ArtofDan is one of the masters of erotic-art photography in this world. It was a stroke of luck for VOLO Magazine, when Dani reached out to us in early 2013. Since then he has become a staple of VOLO with his work frequenting the magazine with a cover set in VOLO #17.

Dani has an uncanny ability to create sets of images which totter on the edge of art, leaning strongly in the direction of erotic art photography. His images while being erotic, also showcase incredible artistry and photographic excellence.

VOLO Magazine's first authorized photographer in Switzerland, Dani produced consistent amazingness in every set he shoots. His work has been published in multiple issues of VOLO as well as websites like Met-Art and Michelle7.

Join me in congratulating Dan on an incredible career!

SELF PORTRAITS
BY TANYA TESS

TANYA TESS

by Shankha

Over the years VOLO Magazine has brought some incredible artists from all over the world to the forefront on a world stage, but Tanya Tess stands apart from all of them. Arguably the 'hottest' nude art photograper in the world, Tanya Tess can claim to be the only VOLO Photographer to have mastered the art of nude photography from behind the lens as well as in front of it.

Tanya has been working as a fashion and art photographer since 2009 and has shot images and covers for over 25 magazines in Europe. Along the way, this mother of two started posing for the camera and was named the hottest woman in Ukraine in 2013 by Playboy magazine.

Tanya is currently an active full time professional photographer who shoots celebrities, movie stars and billboards... And these incredible nude sets for VOLO.

If I have to define VOLO, all I have to say is Tanya Tess.

Join me in applauding these incredible woman...

ABOUT THIS SET

by Tanya

Selfies are super popular right now so I decided to show the world that self images can also be beautiful and made to superb quality. In addition, since these are my nude selifes... I hope you all have as much fun watching them as much fun I had taking them :)

Tanya Tess running naked from the camera to the desired location and taking the position until the timer expires on the camera. Then again and again... How can that not be fun?LOL!

But I can now boast of a series of self portraits, of amazing quality. Often the simplest things you can find something to be very interesting and creative. Experiment! Life itself is one and it is important to live it with dignity and in a good mood! :-)

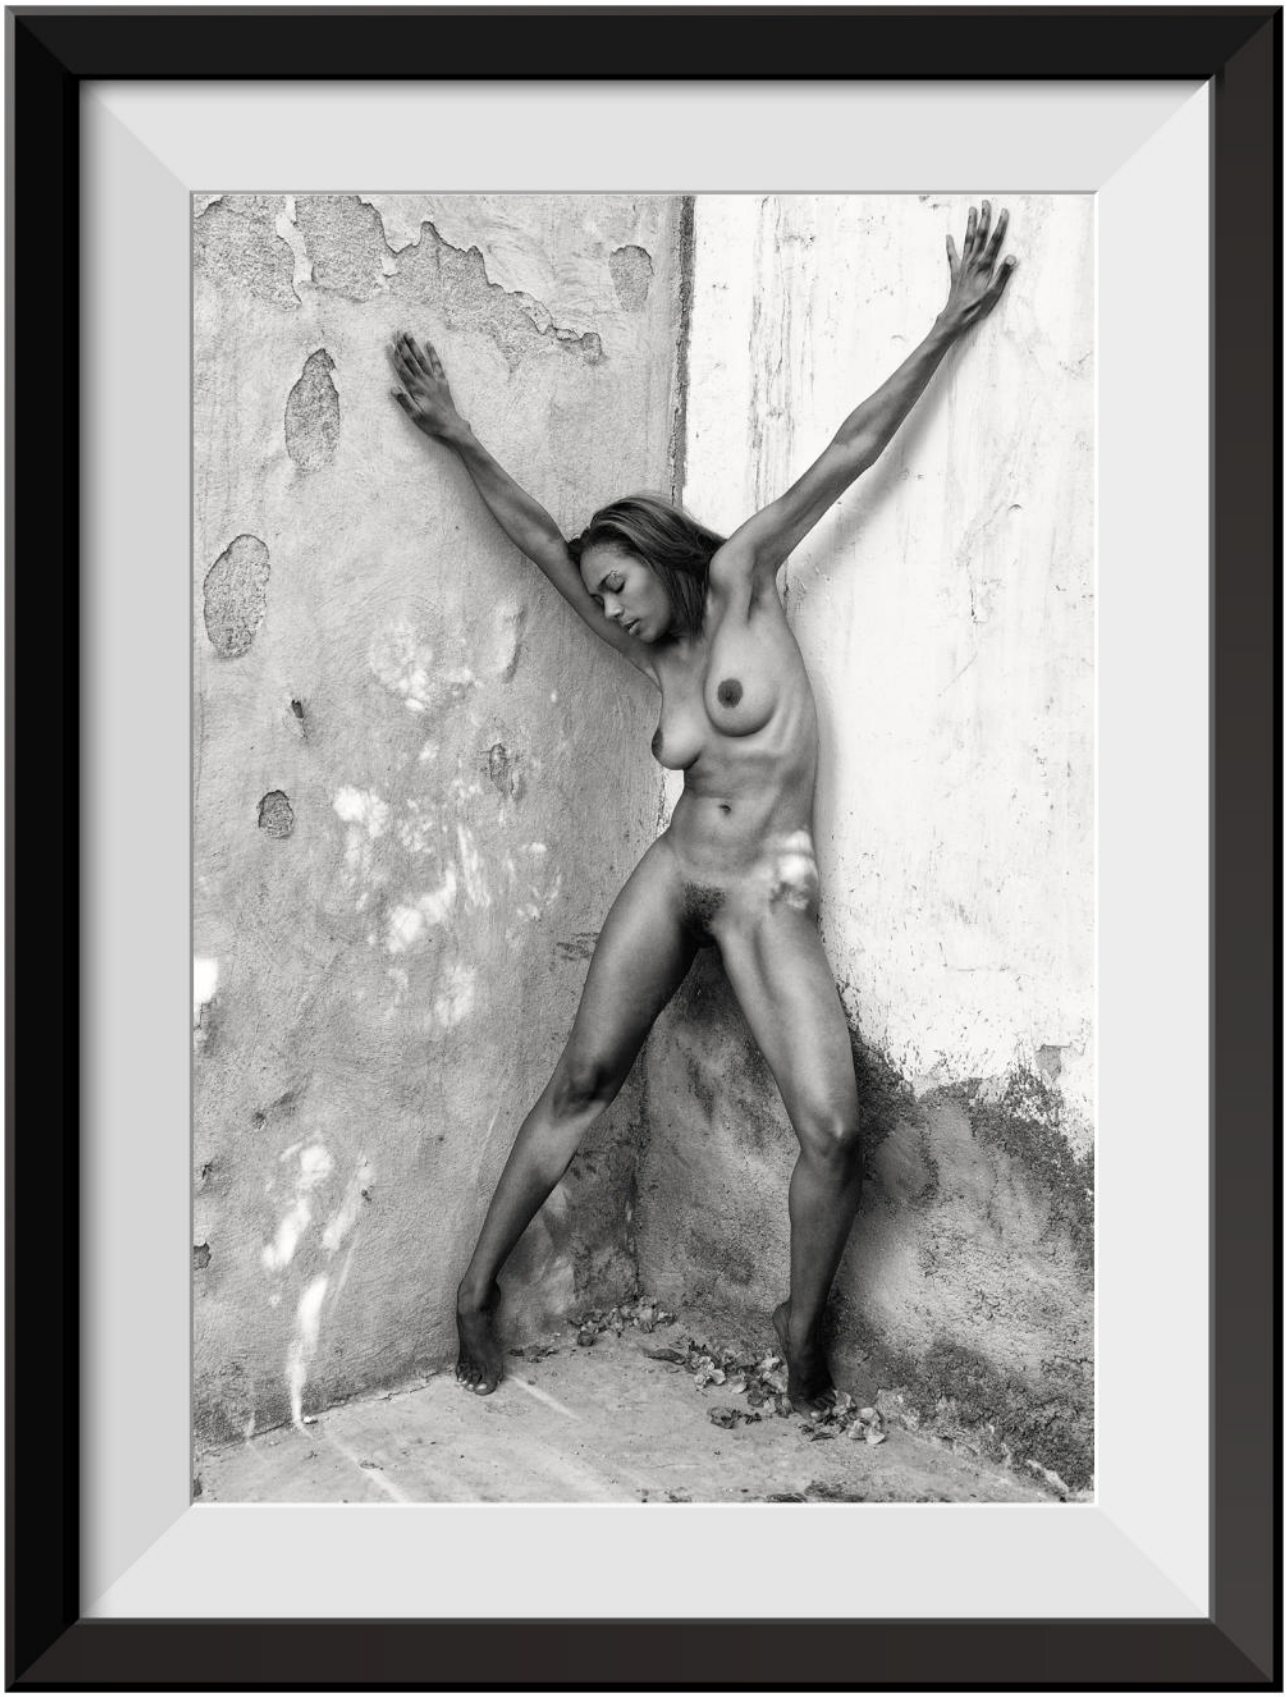

XOXO Tanya

ST MERRIQUE

BY CAM ATREE

CAM ATTREE

AUSTRALIAN GRANDMASTER

by Shankha

This is the 3rd time Cam's work is appearing on the pages of VOLO. He was introduced to the VOLO world in issue 21 as featured photographer and since then we have been following his work with amazement.

Cam started photography as a landscape and wildlife photographer, but soon realized how tough it was to make a living from that line of work. In 2002 he first shot a nude woman - a college beauty who approached him. He spent the next few years working with models in his area and travelling models from other states in Australia but in 2008 Cam had the opportunity to work with an amazing model from the USA who was doing an Australian trip. Candace Nirvana was her name and she introduced Cam to an online community of photographers which changed his life.

He says " Since then I have met and worked with so many truly astounding photographers and models from all parts of the world who keep me inspired to explore, create and refine my craft. I love the challenge of working with new models and extracting the potential I see in them by creating images which they didnít think they were capable of producing. At the same time, I love being inspired by a professional art nude model who can create poses that I just didnít even think were possible."

TALKS ABOUT ST MERRIQUE

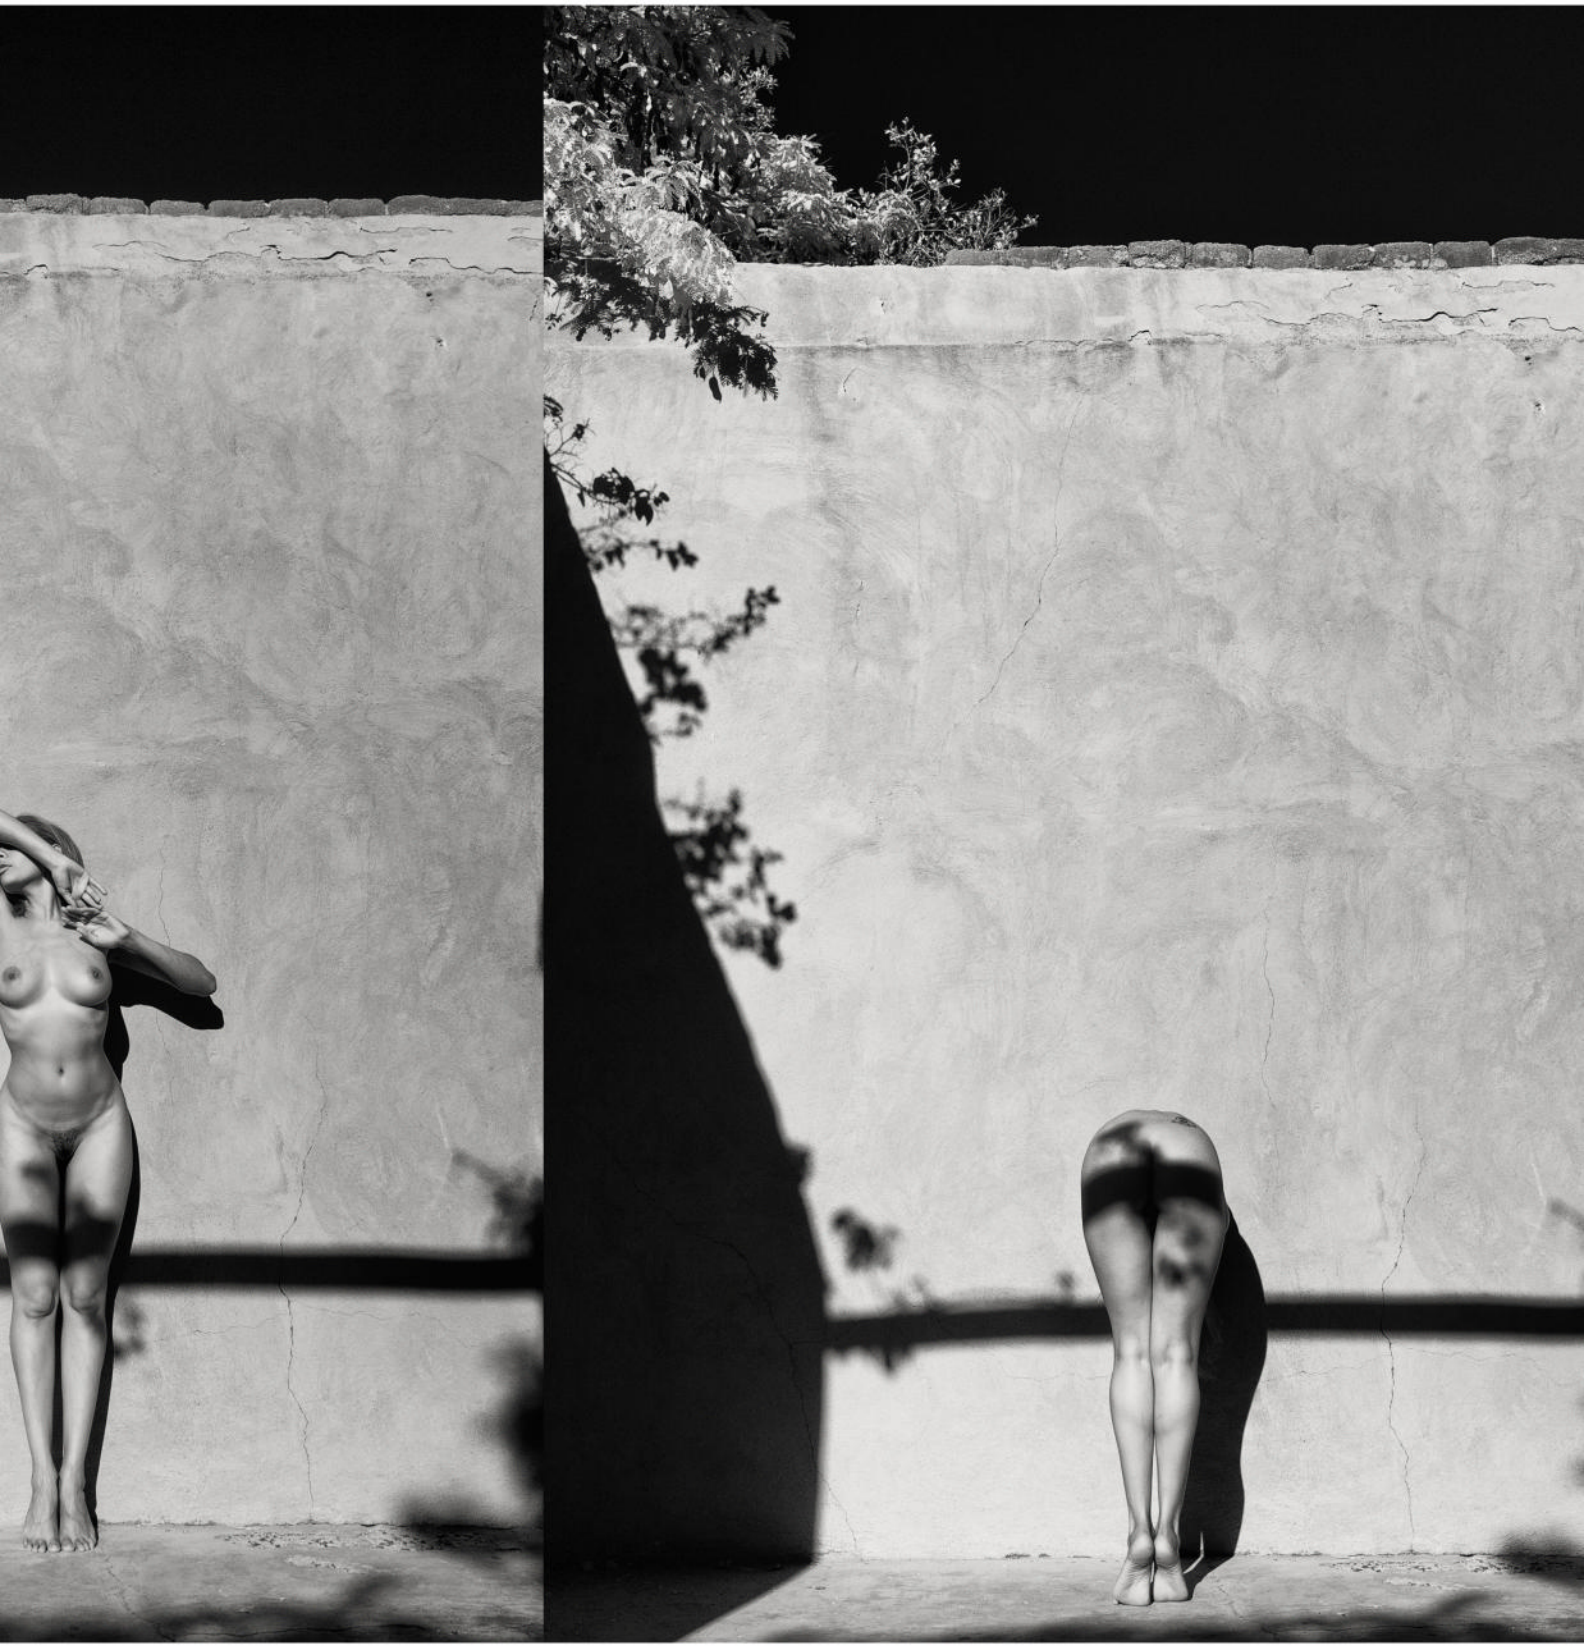

St Merrique was one of the 10 incredible models I got to work with during my visit to Baja, Mexico in 2011. I was familiar with her portfolio prior to meeting her so I knew she was a great model, I just didn't know how amazing she was until I had her in front of my lens.

Our shoot took place in and around an old historic home in Todos Santos called Casa Dracula which was built in 1852. This set was captured in the rear courtyard of the property where we worked with the concrete structures and created some contrasting images using both the soft and hard natural light available to us.

St Merrique worked within the structures and shadows created by the harsh sunlight so well. Her poise and grace, which developed from her dance training, was obvious in her modelling and we captured so many amazing images in a short period of time.

This is the one and only time I have worked with this incredible model but I certainly hope there will be a next time as she is definitely one of the best.

MUSES *about* KAITLYNN

"What is the sexiest thing about you Kaitlynn, I asked this beautiful damsel, when I first met her... and her answer was My Ass and My Eyes... Yep, she is right, and I decided that if we are going to showcase her in VOLO, we might as well focus on those two things in a pretty big way.

Big, did I say... Well Yes, Kaitlynn has a very shapely and nice sized behind, as showcased in these pictures, but the truth is that this gorgeous beauty does not need to take her clothes off to make jelly-kneed weaklings out of most men. Her eyes which she ranks #2 on her list of assets, are actually one of the most expressive and fierce pair of visual assets in the industry today.

Someday, I want to shoot Kaitlynn, with a lot of time on my hands (dream on), in black and white and just shoot her eyes through the many expressions that fleet across them in a matter of minutes. And yes, I wouldn't mind if she is not wearing anything... After all she did say Ass first.

Join me in congratulating VOLO BODY 30 - Kaitlynn Anderson on her feat of joining Saju as the 2nd model to score a VOLO cover and the title of VOLO Body... The only on to do so within a calendar year.

THE QUIFF

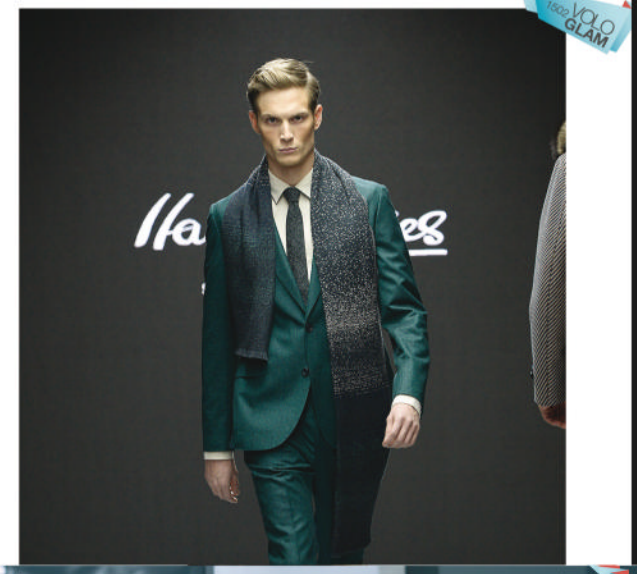

RELAXED SWEPT BACK LOOK

The quiff is a classic, sophisticated and low maintenance cut, making it a fail-safe option for men of all ages.

The word "quiff" may derive from the Hindi word "quoff" meaning hair slicked back. The etymology of the word is uncertain but may derive from the French word "coiffe" which can mean either a hairstyle or, going further back, the mail knights wore over their heads and under their helmets. The modern-day quiff includes plenty of hair at the front of the top of the head, receding into shorter hair at the back with a trimmed back and sides.

HOW TO GET THE LOOK?

Step 1. Start with freshly washed hair. Before you attempt to do a quiff hairstyle, it's important to wash your hair to remove any oils and add some volume.

My name is Priscilla. I have been modeling for almost four years. Personally, I have always loved photography and shooting on my own. Modeling is an extension of that, so I stuck with it.

A mixture of my love for visual art and the recognition of my natural capacities as a subject have led me to where I am today. I continue to pose for artists and photographers worldwide in many mediums and styles. Sprinkled in my modeling career is a love for analog film and organic moments.

WIM HENDRIK MARC STEYEN

BELGIUM

Wim Hendrik Marc Steynen started photographing female models in 2015. In 2013 he started his own photo club, where he met Didier Messens. Didier inspired Wim to become a better photographer and helped him to become a professional.

Mid 2013 they started working together. At same time Wim was building an impressive Photo Complex called the Five Star Buildng. This building is very important for most of his recent work because Wim is doing lots of workshops, trainings and photoshoots today. In June 2014 Wim published his first book. Domy – the Art of nudes.

Today Wim and his team are back and ready to show the world what they have done together in 2 years on expo's, magazines, books etc. Wim is famous for his light but also for his communication skills with models.

His fans gave him the nickname "Mr. Light" and "King of Light". Wim never uses a light meter. His light meter are his eyes and camera.

LANA

My name is Lana. Iím an international experienced model from Ukraine and I live in Kiev . Modeling is my full time job and I'm in this business for more than 6 years now.

My constant ambition is, to get the best pictures possible and I really live for my job. Photographers appreciate this and like to work with me. No location or shooting idea is too strange or unconventional for me. I like shootings from portrait and fashion till artistic nude and can easily switch posing and mood from lady & vamp to sensual & sentimental.

Traveling around Europe is, what I like the most and I'm looking forward for new experiences all the time.

MICHAEL D. BECKER

PPA MEMBER

As an internationally published photographer and retoucher, the images that I capture are designed to provide insight into a subjectís life, surroundings, interests and unique character, rather than merely producing a likeness of their physical features. This is accomplished through a combination of light, color, location, and pose.

I am inspired and influenced by cinematic or fine art work, which I often attempt to incorporate into my images as I feel it helps further provoke thought and evoke emotion from the viewer. I am also drawn to the contrast of light and dark along with the use of bold, rich colors, which are prevalent in my work. While I may utilize strobes and artificial light, it is a natural look that I am after.

Photography allows me to encounter new people, explore new places, and discover new opportunities. Some of my images offer familiar settings or relatable subjects, while others incorporate slightly abstract or surreal elements.

Residing in Bucks County, PA, I am centrally located to serve most of the Northeast Region including Pennsylvania, New Jersey, and New York. I have an Associate of Science in Photography degree from The Art Institute of Pittsburgh and am a member of the Professional Photographers of America (PPA).

IVY LEE

Ivy Lee is a full-time traveling model and photographer based out of Philadelphia, PA. She has been modeling for 8 years and really enjoys having a job that allows her to create art and make her own schedule.

She has traveled all over the United States and more recently spent time exploring beautiful national parks while out on her modeling tours. She is a pretty laid back person and actually often quite shy under some circumstances. Even so, she has always been very comfortable being naked including in front of cameras. She enjoys being able to be a bit more uninhibited and bold when facing the lens.

GOSH! PHOTO

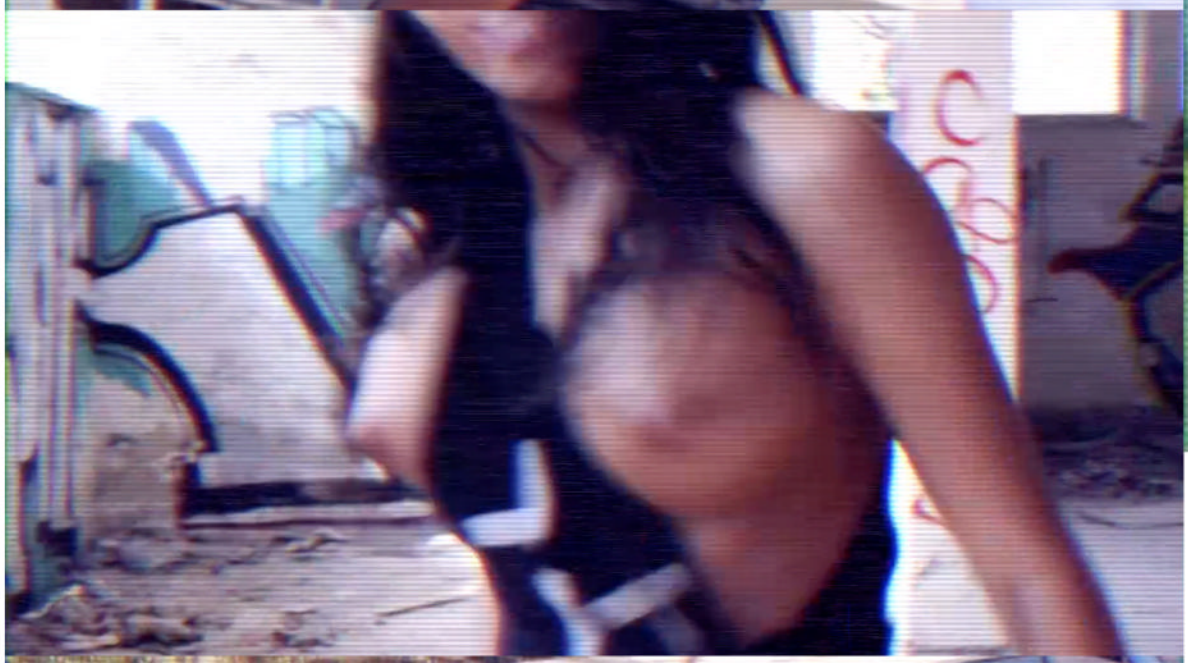

GOSH! started his career as an art director in advertising more than fifteen years ago. He used to work on international communications campaigns at TBWA, JWT and Havas till 2010. As a creative with passion for fashion, he also collaborated to the designof Harpers Baazar Russia while he was in Moscow for the launch of two Luxury/Lifestyle magazines. Once back in Milan, he curated the new edition of the photographic book Girls of Milan, published in UK and distributed at the Saatchi gallery and at the Photographers gallery in London. (www.girlsofmilan.com)

When he moved to Germany, he converted his increasing interest for the photography into his new role as Senior creative for one the biggest lingerie brands: he created several campaigns for the worldwide relaunch of the brand, working with top notch fashion photographers. The campaigns based on highly conceptual photos in a sensual take were extremely successful, and led him to step behind the camera. He started shooting lingerie editorials, but also art nude pictures.

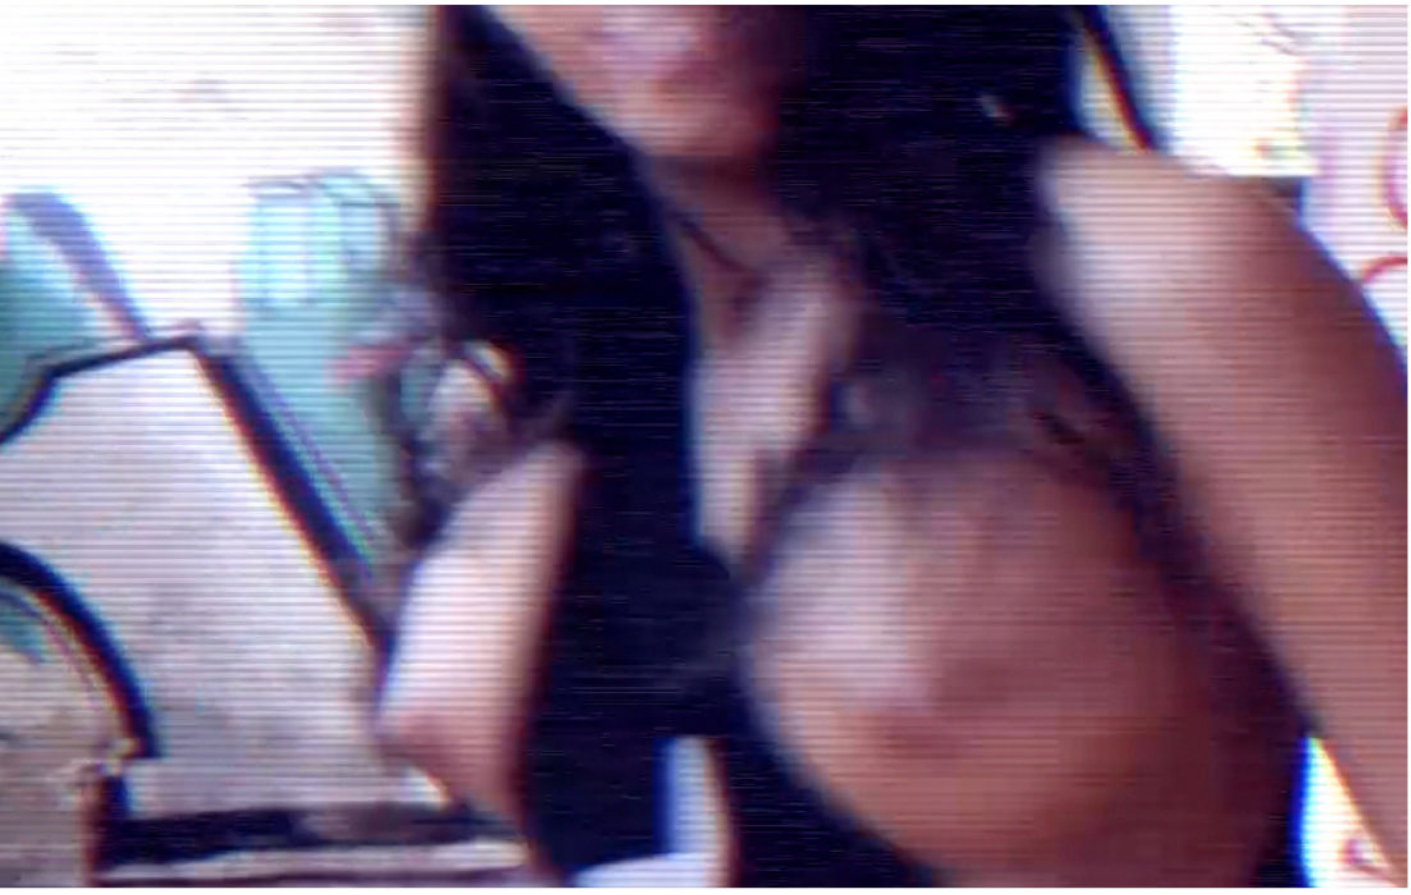

After these early tests, the first publications followed... Eventually leading to photography becoming his main profession. Nowadays, after years of hard work and traveling around Europe, he believes he successfullly puts in pictures - his vision of pure sensual femininity.

TALKS ABOUT RAVEN

"The elegant long limbed female form of Raven, created an incredible sight that morning on one of my most favorite beaches in the world. Limantour is gorgeous, extending out to the sea like a small peninsula and teeming with sea mammals like sea lions and whales. On this day, they were joined by this gorgeous human specimen, rewinding time back to the days when humans walked naked and unashamed on this beautiful planet.

Raven connected with the incredible natural beauty of this beach, and all I did was capture a few of those moments of re-union.

It was 6:30 AM in the morning and the water temperature was freezing cold, but this incredible woman embraced it with absolute nonchalance and bravity.

Hope to work with her again soon."
